Date of Birth: 25/12/2005

EDUCATION

B.E. Software Engineering

Mehran University of Engineering and Technology, Jamshoro, Pakistan

Dec-2022 – Present

- **CGPA:** 3.75
- **Key Courses Knowledge:** Object-Oriented Programming, Mobile Application Development Data Science & Analytics, Software Project Management, Data Structures & Algorithms using Java, Software Requirement Engineering, Database Systems, Computer Networks, Agent Based Intelligent Systems, Information Security, Operating Systems and Software Economics

EXPERIENCE

Remote Internship – [Digital Empowerment Network]

(July-2025–Sep-2025)

- Worked remotely on **mobile app development tasks** focusing on Flutter and Android.
- Contributed to **frontend UI/UX design**, ensuring responsiveness and user-friendly layouts.
- Collaborated in an agile environment, improving teamwork and remote communication skill

PROJECTS

1. Vehicle Maintenance App (Hack for Humanity 2025)

- Developed a mobile app that tracks vehicle service history, sends reminders, and stores repair notes
 - Created as a **team project** during the *Hack for Humanity 2025* hackathon, focusing on real-world utility and social impact
- Technologies:** Kotlin, Android SDK, XML

2. Android Frontend Development Projects

- Designed and implemented modern, user-friendly interfaces using XML in Android Studio.
- Focused on usability, layout consistency, and intuitive navigation to enhance the end-user experience.
- Applied principles of UI/UX design to create visually appealing and responsive mobile screens.
- **GitHub Repositories:**
 - [Taskify](#) – A task management app frontend with clean design and usability focus.
 - [QuizApp](#) – A quiz application frontend with progress tracking and interactive layouts.

3. Flutter-Based Projects

1. **Optical Store Management System – Optix CRM**
 - Contributed (~85%) to a **cross-platform Flutter app** for optical stores to manage **customers, sales, inventory, and products**.
 - Led **frontend, backend integration, and database architecture** using **Firebase Authentication** and **Cloud Firestore**.
 - Designed a **responsive dashboard** with data visualization for smooth operations and insights.
 - Currently **deployed and used commercially**, showcasing real-world reliability.
 - **Technologies:** Flutter (Dart), Firebase, Firestore, Cloud Storage
 - **GitHub:** [Optix CRM](#)
2. **Real-Time Chat Application - TextHub**
 - Built a **cross-platform chat application** using Flutter for seamless real-time text communication.
 - Implemented **user authentication, messaging, and profile management** with Firebase backend services.
 - Focused on **state management, reusable components, and modern UI design** for performance and scalability.
 - **GitHub Repository:** [TextHub](#)

CERTIFICATIONS

- **2-Month Technical Certification** – [WEB-Development] (*NFTP,2025*)
 - Flutter Development (Self-learned + Applied in projects)
 - National Skills/Competency Test (NSCT) – Higher Education Commission (HEC)
Score: 72 | Percentile: 98.1
-

TECHNICAL SKILLS

Skills: Flutter, Native-Android App Development

Languages: Java, C++, Kotlin, SQL, Dart

Tools & IDEs: Visual Studio Code, Cisco Packet Tracer, MySQL, StarUML, Android Studio, Figma, Firebase

Other Skills: UML Diagrams, Office Automation

RESEARCH INTERESTS

- Currently exploring the integration of **Artificial Intelligence in Education**, with a focus on developing **adaptive learning systems** for rural communities.
 - Working on the idea of an **intelligent assistant powered by knowledge graphs and cognitive intelligence** to support both students and teachers.
 - Aiming to combine my skills in **mobile development and AI** to build solutions that reduce educational inequality.
-

LANGUAGES

- **English:** Fluent
 - **Urdu:** Fluent
 - **Sindhi:** Native/Fluent
-

SOFT SKILLS

- Team Collaboration
 - Problem-Solving
 - Time Management
 - Creative Thinking
 - Adaptability
 - Professionalism
 - Work ethics
-

INTERESTS

- Mobile App Development
- Artificial Intelligence
- Cyber Security

- Databases
 - Computer Networking
-

HOBBIES

- Playing Badminton, Table tennis
- Watching Cricket
- Traveling
